PROXY STATEMENT

The following information is furnished in connection with the 2019 Annual Meeting of Shareholders (the “Meeting”) of EastGroup Properties, Inc. (the “Company”), to be held on May 23, 2019 at 9:00 a.m., Central Daylight Time, at the offices of Butler Snow LLP, 1020 Highland Colony Parkway, Suite 1400, Magnolia Room, Ridgeland, Mississippi. This proxy statement and 2018 Annual Report to shareholders are first being made available, and a Notice Regarding the Availability of Proxy Materials is first being mailed, to shareholders on or about April 12, 2019.

ABOUT THE 2019 ANNUAL MEETING

What is the purpose of the Meeting?

At the Meeting, shareholders will be asked to elect the nine director nominees named in this proxy statement for a one-year term, ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019 and approve by a non-binding advisory vote the compensation of our Named Executive Officers (as defined below). In addition, management will report on the performance of the Company and respond to questions from shareholders.

Who is entitled to vote?

All shareholders of record as of the close of business on Monday, March 25, 2019 (the “Record Date”) are entitled to vote at the Meeting. As of the Record Date, 36,752,260 shares of the Company’s common stock, par value \$0.0001 per share (“Common Stock”) were issued and outstanding. Each share of Common Stock outstanding on the Record Date is entitled to one vote on each item submitted to shareholders for consideration.

Why didn’t I automatically receive a paper copy of the Proxy Statement, Proxy Card and Annual Report?

The Securities and Exchange Commission (“SEC”) rules allow us to furnish proxy materials to our shareholders electronically. In an effort to lower the costs of delivery of proxy materials, as well as to reduce our use of paper, we have elected to take advantage of these rules by only mailing materials to those shareholders who specifically request a paper copy. On or around April 12, 2019, all shareholders were mailed a Notice Regarding the Availability of Proxy Materials that contained an overview of the proxy materials and explained several methods by which shareholders could view the proxy materials online or request to receive a copy of proxy materials via regular mail or email. There is NO charge for requesting a copy.

How can I get electronic access to the proxy materials?

The Notice Regarding the Availability of Proxy Materials includes a website address that will:

- Provide you with instructions on how to view our proxy materials on the Internet; and
- Enable you to notify us to send future proxy materials to you by email.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Can I find additional information on the Company’s website?

Yes. Our website is located at www.eastgroup.net. Although the information contained on our website is not part of this proxy statement, you can view additional information on the website, such as our Code of Ethics and Business Conduct, Corporate Governance Guidelines, charters of committees of our Board of Directors (the “Board”) and

reports that we file with the SEC. A copy of our Code of Ethics and Business Conduct, Corporate Governance Guidelines and each of the charters of our Board committees may be obtained free of charge by writing to EastGroup Properties, Inc., 400 W. Parkway Place, Suite 100, Ridgeland, Mississippi 39157, Attention: Investor Relations.

How do I vote?

Voting in Person at the Meeting. If you are a “registered owner” or “record holder” (i.e., you hold your shares in your own name as a holder of record with our transfer agent, EQ Shareowner Services) and you attend the Meeting, you may vote in person at the Meeting. If you are a “beneficial owner” because your bank, broker or similar organization is the holder of your shares (i.e., your shares are held in “street name”) and you wish to vote in person at the Meeting, you will need to obtain a “legal proxy” from the bank, broker or similar organization that holds your shares of Common Stock of record. If you attend the Meeting and you submit your vote in person, any previous votes that you submitted by mail or authorized via the Internet or by telephone will be superseded by the vote that you cast at the Meeting. Further instructions for in-person voting can be obtained by calling us at (601) 354-3555.

Voting by Proxy for Shares Registered Directly in the Name of the Shareholder. If you hold your shares of Common Stock in your own name as a holder of record with our transfer agent, EQ Shareowner Services, you may also instruct the proxy holders named in the proxy card how to vote your shares of Common Stock in one of the following ways:

- *Vote online.* You can access proxy materials and vote at www.proxyvote.com. To vote online, you must have a shareholder identification number, which is provided in the Notice Regarding the Availability of Proxy Materials.
- *Vote by telephone.* If you received printed materials, you also have the option to vote by telephone by following the “Vote by Phone” instructions on the proxy card.
- *Vote by regular mail.* If you received printed materials and would like to vote by mail, then please mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares of Common Stock are held in street name, you will receive instructions from your bank, broker or similar organization that you must follow in order to have your shares voted.

Regardless of how you choose to vote, your vote is important to us and we encourage you to vote promptly.

What happens if I return my proxy card without voting on all proposals?

When you return a properly executed proxy card, the proxy holders named in the proxy card, Marshall A. Loeb and Brent W. Wood, will vote the shares that the proxy card represents in accordance with your directions. If you return the signed proxy card with no direction on a proposal, the proxy holders will vote your proxy FOR each of the Board’s nine director nominees named in this proxy statement, FOR the ratification of the independent registered public accounting firm for the fiscal year ending December 31, 2019 and FOR the approval, on an advisory basis, of the compensation of our Named Executive Officers as disclosed in this proxy statement.

Will there be any other items of business on the agenda?

Pursuant to the Company’s Bylaws and SEC rules, shareholder proposals must have been received by February 23, 2019 to be considered at the Meeting. To date, we have received no shareholder proposals and we do not expect any other items of business. Nonetheless, in case there is an unforeseen need, your proxy gives discretionary authority to Marshall A. Loeb and Brent W. Wood with respect to any other matters that might be properly brought before the Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

How many votes are needed to hold the Meeting?

In order to conduct the Meeting, the presence, in person or by properly executed proxy, of the holders of shares of Common Stock entitled to cast a majority (i.e., greater than 50%) of all the votes entitled to be cast at the Meeting is necessary to constitute a quorum. Shares of Common Stock represented by a properly signed, dated and returned proxy card, or proxies submitted by telephone or online, including abstentions and broker non-votes, will be treated as present at the Meeting for purposes of determining a quorum.

How many votes are needed to approve each proposal?

Proposal 1 concerns the election of the nine director nominees named in this proxy statement for a one-year term. The votes cast “For” a nominee must exceed the votes cast “Against” the nominee for the nominee to be elected. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved as they do not count as votes cast for such matter. If a nominee fails to receive more “For” votes than votes cast “Against” and is an incumbent director, the nominee is required to tender a resignation to the Nominating and Corporate Governance Committee of the Board for consideration. If the resignation is not accepted, the nominee will continue to serve as director until the next annual meeting and until the director’s successor is duly elected and qualified or until the director’s earlier resignation or removal.

Proposal 2 concerns ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019. This proposal will be approved if the votes cast “For” the proposal exceed the votes cast “Against” the proposal. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved. Even though the vote is advisory and non-binding, the Audit Committee of the Board will consider a vote against the firm by the shareholders in selecting the Company’s independent registered public accounting firm in the future.

Proposal 3 concerns approval by a non-binding advisory vote to approve the compensation of the Named Executive Officers disclosed in the section of this proxy statement entitled “Compensation of Executive Officers.” For the non-binding advisory vote to be approved, the votes cast “For” the proposal must exceed the votes cast “Against” this proposal. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

Can I change my vote after I have voted?

Yes. You can revoke your proxy and change your vote at any time before the polls close at the Meeting. You can do this by:

- filing with the Secretary of the Company a written revocation;
- signing and submitting another proxy with a later date; or
- attending the Meeting, withdrawing the proxy and voting in person.

How do I submit a proposal for the 2020 Annual Meeting?

If a shareholder wishes to have a proposal considered for inclusion in the Company’s proxy statement for the 2020 Annual Meeting of Shareholders, the shareholder must submit the proposal in writing to the Secretary of the Company at 400 W. Parkway Place, Suite 100, Ridgeland, Mississippi 39157 so that the Company receives the proposal by February 23, 2020.

If the proposal is not intended to be included in the Company’s proxy statement, a qualified shareholder intending to introduce a proposal or nominate a director at the 2020 Annual Meeting of Shareholders should give written notice to the Company’s Secretary not later than February 23, 2020 and not earlier than January 24, 2020 (although these dates may be adjusted in the event that the date of the 2020 Annual Meeting of Shareholders is more than 30 days before or more than 60 days after the anniversary date of the Meeting).

Shareholders also are advised to review the Company’s Bylaws, which contain additional advance notice requirements, including requirements with respect to advance notice of shareholder proposals and director nominations.

Will anyone contact me regarding this vote?

No arrangements or contracts have been made with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. Such solicitations may be made by mail, telephone, facsimile, email or other electronic means or personal interviews. In addition, we reserve the right to solicit proxies through our directors, officers and employees (who will receive no additional compensation for those services). We anticipate that banks, brokerage houses and other institutions, nominees or fiduciaries will be requested to forward the soliciting material to their principals and to obtain authorization for the execution of proxies. The Company may, upon request, reimburse banks, brokerage houses and other institutions, nominees and fiduciaries for their expenses in forwarding proxy material to their principals.

Who has paid for this proxy solicitation?

The Company has paid the entire expense of this proxy statement and any additional materials furnished to shareholders.

Independent Directors

Under the New York Stock Exchange (“NYSE”) listing standards, at least a majority of the Company’s directors and all of the members of the Company’s Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee must meet the test of “independence” as defined by the NYSE. The NYSE standards provide that, to qualify as an “independent” director, in addition to satisfying certain bright-line criteria, the Board must affirmatively determine that a director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) that would interfere with such person’s ability to exercise independent judgment as a member of the Company’s Board.

Our Board currently has ten members: D. Pike Aloian, H.C. Bailey, Jr., H. Eric Bolton, Jr., Donald F. Colleran, Hayden C. Eaves III, Fredric H. Gould, David H. Hoster II, Marshall A. Loeb, Mary E. McCormick and Leland R. Speed. The Board has determined that each director who served during the fiscal year ended December 31, 2018 was, and each current director continues to be, independent other than Mr. Loeb, the Company’s Chief Executive Officer; Mr. Hoster, the Company’s Chairman of the Board; and Mr. Speed, the Company’s Chairman Emeritus.

Several of our directors serve as an executive officer at a company with whom we may directly or indirectly do business. The Board determined that the commercial relationships involving routine, arms-length transactions between the Company and these companies were not considered a material relationship that would impair the director’s independence. We provide additional details about these relationships in the following table.

Director	Name of Employer (including affiliated companies)	Business Relationship	Dollar Amount of Transactions (approximate)
Donald F. Colleran	FedEx Corporation	Routine leasing of space by the Company to FedEx	\$1,300,000, representing less than 0.5% of the Company’s gross revenues in 2018
		Routine purchases of package delivery services by the Company from FedEx	The amount paid by the Company represents a de minimis percentage of FedEx’s gross revenue in fiscal 2018
H.C. Bailey, Jr.	H.C. Bailey Company	In 2017, H.C. Bailey Company exclusively represented the landlord in connection with the Company’s new office lease in Ridgeland, MS and received certain commissions from the landlord for those services.	\$106,000 in 2017

Shareholder Communication with the Board

The Board has created the position of Lead Independent Director to facilitate and strengthen the Board’s independent oversight of our performance, strategy and succession planning and to promote effective governance standards. The Lead Independent Director presides over the meetings of the non-management directors of the Company. Our current Lead Independent Director is Mr. Bolton. Shareholders and other parties interested in

communicating directly with the Lead Independent Director or with the non-management directors as a group may do so by writing to Lead Independent Director, EastGroup Properties, Inc., 400 W. Parkway Place, Suite 100, Ridgeland, Mississippi 39157. Correspondence so addressed will be forwarded directly to the Lead Independent Director, who will forward any such communication to the director(s) to whom the communication is addressed.

Code of Ethics and Business Conduct and Other Policies

Code of Ethics and Business Conduct

Our Board adopted a Code of Ethics and Business Conduct (the “Code of Ethics”), which governs business decisions made and actions taken by our directors, officers and employees. A copy of this Code of Ethics is available on our website at <http://investor.eastgroup.net/govdocs>. We intend to disclose on this website any amendment to, or waiver of, any provision of this Code of Ethics applicable to our directors and executive officers that would otherwise be required to be disclosed under the rules of the SEC or the NYSE.

Corporate Governance Guidelines

Our Board adopted Corporate Governance Guidelines, a copy of which is available on our website at <http://investor.eastgroup.net/govdocs>.

Copies of our Code of Ethics and Corporate Governance Guidelines may also be obtained free of charge by writing to EastGroup Properties, Inc., 400 W. Parkway Place, Suite 100, Ridgeland, Mississippi 39157, Attention: Investor Relations.

Leadership Structure

Our current leadership structure is comprised of the Chairman of the Board, a separate Chief Executive Officer, an independent director serving as Lead Independent Director who presides over the non-management directors, and strong active independent directors. As Chief Executive Officer, Mr. Loeb is responsible for setting the strategic direction of the Company and for the day to day leadership and management of the Company, while Mr. Hoster, Chairman of the Board, provides oversight, direction and leadership to the Board.

Another component of our leadership structure is the active role played by our independent directors in overseeing the Company’s business, both at the Board and Committee level. Seven of the current ten directors are considered independent under the NYSE listing standards. All of our directors are free to suggest the inclusion of items on the agenda for meetings of our Board or raise subjects that are not on the agenda for that meeting. In addition, our Board and each committee have complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. Our Board also holds regularly scheduled executive sessions of only non-management directors, led by the Lead Independent Director, in order to promote discussion among the non-management directors and assure independent oversight of management. Moreover, our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, all of which are comprised entirely of independent directors, also perform oversight functions independent of management.

Board Oversight of Risk Management

The Company believes that its leadership structure allows the Board to provide effective oversight of the Company’s risk management function by receiving and discussing regular reports prepared by the Company’s senior management on areas of material risk to the Company, including market conditions, tenant concentrations and credit worthiness, leasing activity and expirations, compliance with debt covenants, management of debt maturities, access to debt and equity capital markets, existing and potential legal claims against the Company, cyber-security including cyber-attacks and computer viruses, and various other matters relating to the Company’s business. Additionally, the Board administers its risk oversight function through (i) the required approval by the Board (or a committee thereof) of significant transactions and other decisions, including, among others, development and acquisitions of properties, new borrowings and the appointment and retention of the Company’s senior management, (ii) the coordination of the direct oversight of specific areas of the Company’s business by the Compensation, Audit and Nominating and Corporate Governance Committees, and (iii) periodic reports from the Company’s auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to the qualification of the Company as a REIT for tax purposes, the Company’s internal control over financial reporting, and the security of the electronic systems which the Company relies upon to conduct its business.

Committees and Meeting Data

The Board has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each member of each of these committees is “independent” as that term is defined in the NYSE listing standards. The Board has adopted written charters for each of these committees, which are available on our website at <http://investor.eastgroup.net/govdocs>.

The Audit Committee consists of Messrs. Aloian and Bolton and Ms. McCormick. The Audit Committee met seven times during the Company’s 2018 fiscal year. The Audit Committee oversees the financial reporting of the Company, including the audit by the Company’s independent registered public accounting firm and the internal audit department. Messrs. Aloian and Bolton and Ms. McCormick have each been designated as an “Audit Committee financial expert” in accordance with the SEC rules and regulations, and the Board has determined that they have accounting and related financial management expertise within the meaning of the listing standards of the NYSE. See “Report of the Audit Committee” later in this proxy statement.

The Compensation Committee consists of Messrs. Bailey, Bolton, Colleran, Eaves and Gould. The Compensation Committee met four times during the Company’s 2018 fiscal year. The Compensation Committee’s function is to review and recommend to the Board appropriate executive compensation policy and compensation of the Company’s directors and executive officers. The Compensation Committee also reviews and makes recommendations with respect to executive and employee benefit plans and programs.

The Nominating and Corporate Governance Committee consists of Messrs. Aloian and Eaves and Ms. McCormick. The Nominating and Corporate Governance Committee met three times during the Company’s 2018 fiscal year. The responsibilities of the Nominating and Corporate Governance Committee include assessing Board membership needs and identifying, screening, recruiting and presenting director candidates to the Board, implementing policies regarding corporate governance matters, making recommendations regarding committee memberships and sponsoring and overseeing performance evaluations for the Board as a whole and the directors.

Nominating Procedures

In identifying suitable candidates for nomination as a director, the Nominating and Corporate Governance Committee considers the needs of the Board and the range of skills and characteristics required for effective functioning of the Board. Although the Company does not have a formal policy or guidelines regarding diversity, the Company’s Corporate Governance Guidelines recognize the value of having a Board that encompasses a broad range of skills, expertise, contacts, industry knowledge and diversity of opinion. In evaluating such skills and characteristics, the Committee may take into consideration such factors as it deems appropriate, including those included in the Corporate Governance Guidelines. Current members of the Board with skills and experience that are relevant to the Company’s business and who are willing to continue in service are considered for re-nomination. In addition, the Nominating and Corporate Governance Committee will consider nominees suggested by incumbent Board members, management, shareholders and, in certain circumstances, outside search firms; as such, shareholders may influence the composition of the Board. Under this principle, the Nominating and Corporate Governance Committee will consider written recommendations for potential nominees suggested by shareholders. Any such person will be evaluated in the same manner as any other potential nominee for director. Any suggestion for a nominee for director by a shareholder should be sent to the Company’s Secretary at 400 W. Parkway Place, Suite 100, Ridgeland, Mississippi 39157, within the time periods set forth under the heading “About the Meeting – How do I submit a proposal for the 2020 Annual Meeting?”.

Board Attendance at Meetings

The Company’s Corporate Governance Guidelines provide that all directors are expected to regularly attend all meetings of the Board and the Board committees on which he or she serves. The Board held five meetings during the Company’s 2018 fiscal year and each meeting was attended by all of the directors then in office. Additionally, each director attended at least 75% of the total number of meetings held by all committees of the Board on which he or she served. Each director nominee also is expected to attend the Meeting. All ten board members who were directors at the time of the 2018 Annual Meeting of Shareholders attended that meeting.

Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee is comprised of five independent directors: Messrs. Bailey, Bolton, Colleran, Eaves and Gould. No member of the Compensation Committee is or was formerly an officer or an

employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board, nor has such interlocking relationship existed in the past.

Compensation of Directors

We believe that a combination of cash and equity compensation is appropriate to attract and retain the individuals we desire to serve on our Board and that this approach is comparable to the policies of our peers. We feel that it is appropriate to provide cash compensation to our non-employee directors to compensate them for their time and effort and to provide equity compensation to our non-employee directors to align their long-term interests with those of the Company and our shareholders.

Under the Company's director compensation program as set forth in the Independent Director Compensation Policy, each non-employee director is paid an annual cash retainer in the amount of \$44,000, payable ratably on a monthly basis. The chairperson of each committee and the Lead Independent Director receive an additional cash retainer as shown below.

<u>Position</u>	<u>Annual Cash Retainer</u>
Audit Committee chairperson	\$20,000
Compensation Committee chairperson	\$15,000
Nominating and Corporate Governance Committee chairperson	\$12,000
Lead Independent Director	\$10,000

Non-chairperson committee members receive no additional cash retainer for their service on a committee.

A non-employee director who is appointed to the Board outside of an annual meeting of shareholders will receive a prorated amount of the applicable annual cash retainer, based on the time between his or her appointment and our next annual meeting of shareholders.

The Independent Director Compensation Policy provides that each non-employee director is paid \$1,500 for each Board meeting attended. In addition, non-employee directors serving as members of Board committees are paid \$1,000 for each committee meeting attended. In each case, the non-employee director is also reimbursed for his or her expenses in connection with attendance at each meeting.

Pursuant to the Independent Director Compensation Policy, non-employee directors receive an annual award under the Company's 2013 Equity Incentive Plan, in connection with their election to the Board at the annual meeting of shareholders. The annual award consists of shares of the Company's Common Stock determined by dividing \$86,000 by the fair market value of a share of the Company's Common Stock on the date of grant. If a fraction results, the number of shares shall be rounded up to the next whole number. A non-employee director who is appointed to the Board outside of the annual meeting of shareholders will receive a prorated amount of the annual award, based on the time between his or her appointment and our next annual meeting of shareholders.

The Independent Director Compensation Policy also provides that each new non-employee director appointed or elected will receive an automatic award of restricted shares of Common Stock, under the Company's 2013 Equity Incentive Plan, on the effective date of election or appointment, the number of which equals \$25,000 divided by the fair market value of a share of the Company's Common Stock on such date. If a fraction results, the number of shares shall be rounded up to the next whole number. These restricted shares will vest over a four-year period, subject to the director's continuous service on our Board on each applicable vesting date.

As an employee of the Company, Mr. Loeb did not receive any compensation under the Independent Director Compensation Policy during the fiscal year ended December 31, 2018. The compensation received by Mr. Loeb, as a Named Executive Officer of the Company, is presented in “Compensation of Executive Officers – Summary Compensation Table” below. The Company’s non-employee directors received the following aggregate amounts of compensation for the fiscal year ended December 31, 2018:

Name	Fees Earned or Paid in Cash	Stock Awards ⁽¹⁾	Total
D. Pike Aloian	\$ 87,334	\$86,023	\$173,357

H. Eric Bolton, Jr.	\$ 75,834	\$86,023	\$161,857
Donald F. Colleran ⁽²⁾	\$ 50,834	\$86,023	\$136,857

- (1) Represents the aggregate grant date fair values of the shares and restricted shares of Common Stock awarded to the non-employee directors during the fiscal year ended December 31, 2018, determined in accordance with FASB ASC Topic 718. Such aggregate grant date fair values do not take into account any estimated forfeitures related to service-based vesting conditions. The valuation assumptions used in determining such amounts are described in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2018, filed on February 14, 2019.
- (2) As of December 31, 2018, Mr. Colleran held 211 shares of restricted stock; no other directors held any outstanding equity awards as of that date.
- (3) In addition to the standard payments to non-employee directors under the Company’s Independent Director Compensation Policy, the Board approved a cash stipend equal to \$125,000 for Mr. Hoster, in connection with his additional service as Chairman of the Board in 2018.

PROPOSALS TO BE VOTED ON

Proposal 1 – Election of Directors

In March 2019, the Board reduced the size of the Board from ten members to nine members in connection with Mr. Gould's retirement from the Board. Accordingly, in accordance with our Bylaws, the Board has by resolution fixed the number of directors to be elected at the Meeting at nine. All nine positions on the Board are to be filled by the vote of the shareholders at the Meeting. Each person so elected shall serve until the next Annual Meeting of Shareholders and until his or her successor is duly elected and qualified.

The nominees for director are: D. Pike Aloian, H.C. Bailey, Jr., H. Eric Bolton, Jr., Donald F. Colleran, Hayden C. Eaves III, David H. Hoster II, Marshall A. Loeb, Mary E. McCormick and Leland R. Speed. All nominees are currently serving as directors of the Company and were elected at the 2018 Annual Meeting of Shareholders.

Unless instructed otherwise, proxies will be voted "FOR" the nominees listed above. Although the directors do not contemplate that any of the nominees will be unable to serve prior to the Meeting, if such a situation arises, your proxy will be voted in accordance with the best judgment of the person or persons voting the proxy.

Information regarding the director nominees can be found under "Corporate Governance and Board Matters – Director Qualifications and Biographical Information."

Nominees receiving more "For" votes than votes cast "Against" will be elected. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH OF MESSRS. ALOIAN, BAILEY, BOLTON, COLLERAN, EAVES, HOSTER, LOEB, AND SPEED AND MS. MCCORMICK TO SERVE ON THE BOARD UNTIL THE 2020 ANNUAL SHAREHOLDER MEETING AND UNTIL A SUCCESSOR FOR EACH IS DULY ELECTED AND QUALIFIES.

Proposal 2 – Ratification of Independent Registered Public Accounting Firm

The Audit Committee is responsible for the appointment of the independent registered public accounting firm engaged by the Company. The Audit Committee has appointed KPMG LLP ("KPMG") as independent auditors for the fiscal year ending December 31, 2019. KPMG was first appointed as our independent registered public accounting firm effective in 1970 to audit the financial statements of the Company for the fiscal year ending December 31, 1970. The Board is asking shareholders to approve this appointment. KPMG audited the Company's financial statements and internal controls over financial reporting for the fiscal year ended December 31, 2018. A representative of KPMG will be present at the Meeting and will have an opportunity to make a statement and answer appropriate questions.

The "Audit Committee Matters" section of this Proxy Statement contains additional information regarding the independent auditors, including a description of the Audit Committee's Policy for Pre-Approval of Audit and Permitted Non-Audit Services and a summary of Auditor Fees and Services.

The Board recommends that you vote "FOR" the appointment of KPMG LLP, an independent registered public accounting firm, to serve as the Company's independent auditors for the 2019 fiscal year.

Shareholder ratification of the appointment of KPMG as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the appointment of KPMG to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee may reconsider whether or not to retain KPMG in the future. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company. This proposal will be approved if the votes cast "For" the proposal exceed the votes cast "Against" the proposal. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

Proposal 3 – Non-Binding Advisory Vote on Executive Compensation

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are asking our shareholders to vote on a non-binding advisory vote approving the compensation awarded to our Named Executive Officers, as we have described it in the “Compensation of Executive Officers” section of this Proxy Statement.

As described in greater detail under the heading “Compensation Discussion and Analysis,” we seek to closely align the interests of our Named Executive Officers with the interests of our shareholders. Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and procedures described in this proxy statement, pursuant to Item 402 of Regulation S-K. In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking shareholders to approve, on a non-binding, advisory basis, the following resolution at the Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

You may vote for or against the resolution, or you may abstain.

For the advisory vote on the compensation of our Named Executive Officers to be approved, the votes cast “For” the proposal must exceed the votes cast “Against” this proposal. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved. While this vote is advisory and not binding on our Company, the Board and the Compensation Committee expect to consider the outcome of the vote, along with other relevant factors, when considering future executive compensation decisions.

While the say-on-pay vote is advisory and will be non-binding, the Compensation Committee does value the opinions of our shareholders and intends to take the results of the vote on this proposal into account in its future decisions regarding the compensation of our named executive officers. Unless the Board modifies its policy on the frequency of future say-on-pay advisory votes, the next say-on-pay advisory vote will be held at the 2020 annual meeting of shareholders, and the next advisory vote on the frequency of holding a say-on-pay vote will occur no later than the 2023 annual meeting of shareholders.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THIS RESOLUTION.

Executive Summary

2018 Compensation Program Overview. Our executive compensation program is developed and monitored by our Compensation Committee. We provide a mix of fixed and at-risk pay incentives that are intended to motivate our executives to execute on short- and long-term objectives that build sustainable long-term value for our company. In 2018, our compensation program consisted of the following elements:

<u>Base Salary</u>	<u>Annual Cash and Equity Incentives</u>	<u>Long-Term Equity Opportunities</u>
<ul style="list-style-type: none"> • We pay a base level of competitive cash salary to attract and retain executive talent. • We determine base salary based on experience, job scope, market data and individual performance. • We annually review our Named Executive Officers’ base salaries against our peers to maintain competitive levels. 	<ul style="list-style-type: none"> • Our annual cash and equity incentives are based on the achievement of objective at-risk Company performance metrics to align compensation with strategic goals. • Our performance metrics (FFO per share, same property NOI growth, general and administrative costs and fixed charge coverage) are commonly used measures of REIT performance. • A portion of the annual incentive is based on the achievement of individual performance goals to reward individual initiative, achievements and contributions. 	<ul style="list-style-type: none"> • We grant performance-based and service-based restricted shares to our executives. • Performance-based awards are only earned by achieving the Company’s 3-year total shareholder return, or TSR, performance hurdles relative to the Nareit Equity Index and member companies of the Nareit Industrial Index. This is a critical component of aligning executive compensation with shareholders’ interests. • Service-based awards encourage executive retention by vesting ratably over four years.

At-Risk Compensation Mix. The graphics below illustrate the mix of 2018 fixed pay (base salary) and at-risk pay incentives (cash incentive compensation and equity awards), presented at target, for our Chief Executive Officer and our other Named Executive Officers. At-risk pay incentives constitute the majority of the total compensation package for our executive officers, consistent with a pay-for-performance compensation philosophy and objective, as discussed below. We believe that linking a substantial portion of our executive officers', including our Named Executive Officers' total compensation to at-risk pay rewards the achievement of key short- and long-term performance goals and strongly aligns the interests of our executive officers, including our Named Executive Officers, with those of our shareholders. A larger portion of our Chief Executive Officer's total compensation was linked to at-risk pay as compared to the other Named Executive Officers, in recognition of our Chief Executive Officer's overall responsibility for our corporate performance.

Company Highlights. Below are operational and financial highlights for 2018. Funds from operations, or FFO, and same property net operating income, or NOI, are not computed in accordance with U.S. generally accepted accounting principles (GAAP). Reconciliations of these non-GAAP measures and other required disclosure can be found on page 36 of our Annual Report on Form 10-K for the year ended December 31, 2018 which we filed with the Securities and Exchange Commission on February 14, 2019.

We also issued 1,706,474 shares under our continuous common equity program in 2018 with gross proceeds of \$159 million.

Compensation Philosophy and Objectives

We believe the most effective compensation program is one that promotes our ability to attract and retain highly qualified and motivated individuals who are aligned with the interests of our shareholders. Our Compensation Committee seeks to develop a well-balanced compensation program that not only contains a competitive fixed pay element through annual base salary, but that is weighted more towards variable at-risk pay elements through the use of our short-term cash incentive and equity-based compensation, as well as our long-term equity-based compensation. We foster a culture where our Named Executive Officers may increase their cash compensation by contributing to measurable financial performance metrics of the Company; however, we also require meaningful value creation in the form of total return to our shareholders in order for our Named Executive Officers to earn a significant portion of their equity compensation. Each element of our compensation program is discussed in more detail below.

To further these objectives, we adhere to the following compensation and corporate governance practices:

What We Do:	What We Don't Do:
✓ <i>We Pay for Performance:</i> A substantial portion of our compensation is not guaranteed but rather linked to the achievement of key financial metrics that are disclosed to our shareholders.	✗ <i>No Employment Agreements, Automatic Salary Increases or Guaranteed Bonuses:</i> We do not have employment agreements with any of our executive officers. We do not guarantee annual salary increases or bonuses.
✓ <i>We Balance Short-Term and Long-Term Incentives:</i> Our incentive programs provide a balance of annual and longer-term incentives, including a variety of performance metrics that measure both absolute performance (for short-term incentives) and relative performance (for long-term incentives); our existing long-term incentive program exclusively uses TSR to measure performance.	✗ <i>We Do Not Pay Dividends or Dividend Equivalents on Unvested Restricted Shares:</i> Restricted shares do not receive dividends or dividend equivalents during the restricted period; accrued dividends are paid only to the extent the restricted shares vest.
✓ <i>We Limit the Maximum Payout Opportunity:</i> We establish maximum amounts that may be earned under any award of performance-based compensation for our executives.	✗ <i>We Do Not Have Tax Gross-Ups and Generally Do Not Have “Single-Trigger” Provisions:</i> We do not provide tax gross-ups on any severance, change in control or other payments. Change in control agreements generally require a “double-trigger”.

What We Do:

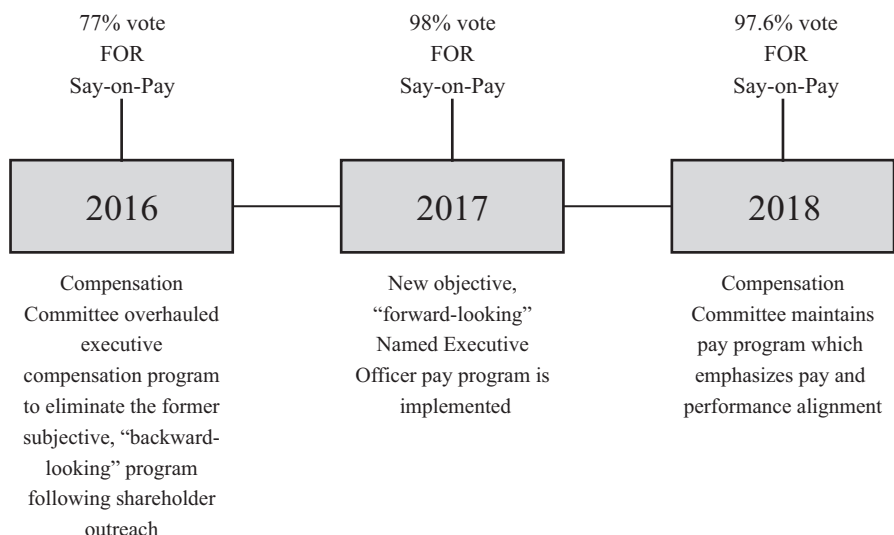

- ✓ ***We Recoup Compensation Under Certain Circumstances:*** We have a policy that requires the reimbursement of incentive compensation in the event of a substantial restatement of our financial results caused by intentional misconduct by senior officers of the Company.
- ✓ ***We Maintain Robust Stock Ownership Guidelines:*** Our executive officers and directors are subject to robust stock ownership guidelines.
- ✓ ***We Retain an Independent Compensation Consultant:*** Our Compensation Committee engages an independent consultant to conduct an annual compensation review and to provide guidance on a variety of compensation matters.
- ✓ ***We Have an Independent Compensation Committee:*** Our Compensation Committee is comprised solely of independent directors.

What We Don't Do:

- ✗ ***We Do Not Allow Hedging or Pledging:*** Our executive officers and directors are expressly prohibited from pledging and hedging company securities.
- ✗ ***No Accelerated Vesting of Performance Awards:*** Our performance shares under long-term incentives do not provide for accelerated vesting in the event of a termination of employment.
- ✗ ***We Do Not Provide Excessive Perquisites:*** Our executive officers are provided with limited perquisites and benefits.
- ✗ ***We Do Not Provide Pension Arrangements or Non-Qualified Deferred Compensation Arrangements:*** We do not provide a pension program or non-qualified deferred compensation program for any employees.

2018 Compensation Program Design and “Say-on-Pay” Advisory Vote

We provide shareholders with a “say-on-pay” advisory vote on the Company’s compensation program for its Named Executive Officers on an annual basis, in accordance with the preference expressed by shareholders concerning the frequency of such votes at our 2017 annual meeting. Our Compensation Committee considered the results of the “say-on-pay” advisory vote conducted at our 2018 annual meeting and as reported in our current report on Form 8-K, filed with the SEC on May 30, 2018, approximately 97.6% of the votes cast on the proposal expressed support for the compensation program offered to our Named Executive Officers as disclosed in last year’s proxy statement. Accordingly, our Compensation Committee made no changes to our executive compensation program as a result of the say-on-pay advisory vote. We will be conducting our annual say-on-pay advisory vote as described in Proposal No. 3 of this proxy statement at our 2019 annual meeting. Our Board and our Compensation Committee will consider the outcome of the say-on-pay advisory vote, as well as feedback received throughout the year, when making compensation decisions for our Named Executive Officers in the future.

Our shareholders have largely supported the general framework of our compensation program with respect to the types of performance metrics by which we have measured our short-term and long-term performance. Accordingly, we continue to use a diverse group of performance metrics in connection with our annual incentive plan (“AIP”), including FFO, same property change, general and administrative costs and fixed charge coverage as well as individual performance goals. The performance metrics remain largely unchanged from the previous year’s metrics. Performance goals and the corresponding payout levels were established across a three-tier construct (i.e. threshold, target and maximum).

Since 2017, we have utilized a long-term incentive plan (“LTIP”) based on forward-looking performance. Under the LTIP, the Compensation Committee issues equity grants based largely on three-year relative TSR (2018-2020) compared to TSR of the members of the Nareit Industrial Index and to the broader Nareit Equity Index. Performance goals and the corresponding payout levels were established across a three-tier construct (i.e. threshold, target and maximum). A portion of the LTIP is based on continued service and serves as a retention program.

Oversight of Compensation

The Compensation Committee is responsible for implementing our executive pay philosophy, evaluating compensation against the market, and approving the material terms of executive compensation arrangements, such as incentive plan participants, award opportunities, performance goals, and compensation earned under incentive plans.

The Compensation Committee relies upon outside advisors to determine competitive pay levels and evaluate pay program design. In 2018, the Compensation Committee again retained FPL Associates, L.P. (“FPL”), which was first engaged by the Compensation Committee in 2003. The Compensation Committee directed FPL to, among other things: (1) assist the Compensation Committee in applying our compensation philosophy toward designing a compensation program for our executive officers, including the determination of the portion of total compensation awarded in the form of salary, annual cash incentive and equity-based compensation, as well as selecting the appropriate performance metrics and levels of performance (e.g., threshold, target, maximum); (2) analyze current compensation conditions among the Company’s peers, and assess the competitiveness and appropriateness of compensation levels for our executive officers; (3) recommend to the Compensation Committee any modifications or additions to the Company’s existing compensation programs that it deemed advisable; and (4) make specific recommendations to the Compensation Committee for base salary, annual cash incentive and equity-based awards for our executive officers. A representative from FPL frequently attends meetings of the Compensation Committee and is available to participate in executive sessions and to communicate directly with the Compensation Committee chair or its members outside of meetings. FPL did not provide any other services to the Compensation Committee, the Company, or any of its affiliates during 2018.

While Mr. Loeb, our CEO, did participate in general meetings of the Compensation Committee in 2018, he did not participate in executive sessions nor did he participate in any discussions determining his own compensation. Annually, upon request from the Compensation Committee, our CEO provides the Compensation Committee with data pertinent to his and the other executive officers’ performance, particularly in regards to individual objectives of each executive.

Peer Group Analysis

The Compensation Committee relies on the peer group analysis prepared by FPL to evaluate pay levels for our executive officers. The peer groups recommended by FPL and used by the Compensation Committee are all public real estate companies and are divided into two groups based on (i) industry sector (the asset-based peer group) and (ii) equity market capitalization, geographic location and historical performance (the size-geographic-performance peer group, or what we refer to as the SGP peer group). FPL analyzes competitive total direct compensation at the peer REITs listed below, as disclosed in their proxy statements for prior years, as well as information contained in FPL’s proprietary database. The Compensation Committee evaluates the appropriateness of the peer groups annually (based on merger and acquisition activity, growth, property focus, etc.) and makes adjustments accordingly.

The asset-based peer group used for setting 2018 compensation was unchanged from 2017 other than by the addition of Rexford Industrial Realty, Inc. and consisted of the following seven exchange-listed REITs that invest in industrial properties.

DCT Industrial Trust Inc.*	PS Business Parks, Inc.
Duke Realty Corporation	Rexford Industrial Realty, Inc.
First Industrial Realty Trust, Inc.	STAG Industrial, Inc.
Liberty Property Trust	

* DCT was acquired by Prologis, Inc. on August 22, 2018.

The SGP peer group used for setting 2018 compensation consisted of the following 11 exchange-listed REITs, which (i) operate across multiple asset classes and are similar in size to the Company in terms of market capitalization, (ii) are similar in performance to the Company in terms of 3-year annualized TSR and/or (iii) are headquartered in the Sunbelt region of the United States. Nine of the eleven SPG peer group were unchanged from 2017, but American Assets Trust, Inc., QTS Realty Trust, Inc. and Ramco-Gershenson Properties Trust were removed from the peer group due to limited comparability and Columbia Property Trust, Inc. and Physicians Realty Trust were added as comparably sized companies.

Acadia Realty Trust	PS Business Parks, Inc.
Columbia Property Trust, Inc.	Rexford Industrial Realty, Inc.
CoreSite Realty Corporation	STAG Industrial, Inc.
Cousins Properties Incorporated	Terreno Realty Corporation
DCT Industrial Trust Inc.*	Washington Real Estate Investment Trust
Physicians Realty Trust	

* DCT was acquired by Prologis, Inc. on August 22, 2018.

FPL conducted a study that compared the Company's actual 2017 compensation for the executive officers (including the equity awards made in 2018 with respect to 2017 performance) with the actual 2017 total compensation of the top four executives of each of the companies included in the peer groups. In addition, FPL analyzed target compensation. The study showed that the target total pay, on a weighted average basis for all executive officers, was below the minimum compared to the asset-based peer group and below the 25th percentile for the SGP peer group. Actual total pay, on a weighted average basis for the Named Executive Officers employed for all of 2017 and 2018, fell below the 25th percentile of both peer groups. The Compensation Committee then used the peer group data, survey information and other relevant factors to establish the 2018 compensation program for our executive officers. These factors provided the framework for compensation decision-making and final decisions regarding the compensation opportunity for each executive officer. The Company did not target a specific percentile of the peer group to set compensation and no single factor was determinative in setting pay levels, nor was the impact of any factor on the determination of pay levels quantifiable.

Components of Compensation

The total compensation opportunity for our Named Executive Officers in 2018 incorporated three primary components: base salary, an annual cash and equity incentive award and a long-term equity incentive award (over a three-year performance period). The equity incentive awards were based on our stock price at the beginning of the performance period, which was \$88.38 at December 29, 2017.

Base Salary. The Compensation Committee seeks to provide our executive officers with a level of assured cash compensation in the form of base salaries that are commensurate with their professional status, accomplishments and geographic location. The base salaries are reviewed annually by the Compensation Committee and are adjusted from time to time to recognize competitive market data based on our peer groups, the officer's level of responsibility, outstanding individual performance, promotions and internal equity considerations. Based on a consideration of these factors, the base salaries of our Named Executive Officers were increased by approximately 3-4% for 2018. The 2018 base salaries for each Named Executive Officer are shown in the following table:

Named Executive Officer	2018 Salary
Marshall A. Loeb	\$650,000
Brent W. Wood	\$407,000
John C. Coleman	\$403,000
R. Reid Dunbar	\$371,000
Ryan M. Collins	\$325,000

Annual Cash and Equity Incentive Compensation. Our Named Executive Officers have an opportunity to earn annual incentive awards, paid one-half in cash and one-half in equity, designed to reward annual corporate performance and individual performance. Each year the Compensation Committee establishes a target annual incentive award opportunity for each of our Named Executive Officers following a review of their individual scope of responsibilities, experience, qualifications, individual performance and contributions to the Company, as well as an analysis of the surveys and market data based on our peer groups, as discussed previously.

2018 AIP Target Opportunity. The Compensation Committee set the target annual cash incentive and target annual equity incentive each equal to the following percentage of annual base salary: Mr. Loeb (115%), Mr. Wood (75%), Mr. Coleman (60%), Mr. Dunbar (60%) and Mr. Collins (55%). If the target goal for a corporate performance metric is achieved, then the corporate performance metric will be deemed to be earned at 100%. If the threshold and maximum goal for a performance metric is achieved, then the corporate performance metric will be deemed to be earned at 50% and 150%, respectively. Results below threshold result in a zero payout and achievement at levels between threshold and maximum are determined via linear interpolation.

2018 AIP Corporate Performance Goals. The performance metrics and their relative weightings for the 2018 annual cash and equity incentive awards are described below, along with why we believe these were appropriate metrics to use in measuring short-term performance.

Metric	Relative Weighting	Rationale
FFO Per Share	50%	<ul style="list-style-type: none"> FFO is a commonly used REIT financial metric defined by Nareit Allows shareholders to compare operating performance among REITs over time on a consistent basis May significantly impact the trading price of a REIT's common stock and, therefore, may significantly impact TSR

Metric	Relative Weighting	Rationale
Increase in Same Property NOI	10%	<ul style="list-style-type: none"> Internal performance metric measuring growth in our existing real estate portfolio Allows shareholders to compare year-over-year improvements in our earnings from established investments and our ability to maintain occupancy and increase rental rates
General and Administrative Costs	10%	<ul style="list-style-type: none"> A measure of how efficiently we are operating the Company A contributor to FFO growth
Fixed Charge Coverage	10%	<ul style="list-style-type: none"> Fixed charge coverage ratio reflects the strength of our balance sheet and our ability to generate sufficient cash flow to meet our debt obligations and continue to pay or increase our dividend
Individual Objectives	20%	<ul style="list-style-type: none"> Assessment of individual contributions to the Company's financial and operational performance, as well as accomplishments relative to annual objectives Strongly influenced by objective criteria, such as occupancy, new and renewed leasing rates, development projects, asset recycling and other quantitative and qualitative performance metrics and trends as determined by our Compensation Committee Incentivizes and rewards individual initiative, achievements and contributions

The annual performance goals were based on the initial guidance for 2018 in our January 31, 2018 earnings press release.

Criteria	Performance Goal			2018 Actual Results	% of Target Earned
	Threshold	Target	Maximum		
Corporate Performance Goals					
FFO Per Share	\$4.45	\$4.50	\$4.55	\$4.67	150%
Increase in Same Property NOI	1.2%	2.3%	3.5%	3.7%	150%
General and Administrative Costs ⁽¹⁾	\$13,700,000	\$13,200,000	\$12,700,000	\$12,587,000	150%
Fixed Charge Coverage ⁽²⁾	2.7x	3.2x	3.7x	4.3x	150%
Individual Performance Goals				Varies	Varies

(1) For purposes of annual performance goals for executive compensation, General and Administrative Costs include executive compensation at Target levels. Actual compensation amounts above or below Target are excluded from the calculation.

(2) Fixed Charge Coverage is calculated as follows: Earnings Before Interest, Taxes, Depreciation and Amortization for Real Estate (EBITDAre), as defined in the Company's quarterly Supplemental Information for the period ended December 31, 2018, which can be found on the Company's website at www.eastgroup.net, divided by the sum of interest expense plus principal amortization.

2018 AIP Individual Performance Goals: Each Named Executive Officer was assigned individual goals related to his scope of responsibility and aligned with our overall strategic priorities. These goals account for 20% of a Named Executive Officer's AIP award and may be qualitative or quantitative in nature. In considering the individual performance goals, the Compensation Committee did not set specific factors or goals for such factors and did not assign specific weightings to any factors used, but instead considered them together as part of a comprehensive

qualitative review. We do not believe that individual details regarding these performance goals would add meaningfully to the understanding of our business. Our Compensation Committee sets such individual performance goals at rigorous levels which we believe are sufficiently high to require substantial and sustained performance by the Named Executive Officers to be attained.

2018 AIP Actual Results. Based on the Compensation Committee’s analysis of all the foregoing criteria, the Compensation Committee determined that our actual results exceeded the maximum for the company performance goals and between target and maximum for the individual performance goals. The table below summarizes the overall AIP payouts which were based on the corporate and individual performance goals and weightings for each Named Executive Officer.

<u>Named Executive Officer</u>	<u>% of Target Earned</u>	<u>Annual Incentive Cash Awards Earned</u>	<u>Annual Incentive Equity Awards Earned (# shares)</u>
Marshall A. Loeb	148%	\$1,106,300	12,518
Brent W. Wood	148%	\$ 451,770	5,112
John C. Coleman	146%	\$ 353,028	3,994
R. Reid Dunbar	149%	\$ 331,674	3,753
Ryan M. Collins	145%	\$ 259,188	2,933

The annual incentive equity awards, granted in the form of restricted shares, vested 20% on the date the performance results were certified by the Compensation Committee and will vest 20% on each of January 1, 2020, 2021, 2022 and 2023, subject to continued employment with the Company through each applicable vesting date. Dividends on the annual equity incentive awards accumulate beginning January 1, 2018 and are paid if and when the restricted shares vest.

Long-Term Equity Incentive Compensation. Our Named Executive Officers have an opportunity to earn long-term equity incentive awards intended to provide incentives to our executives for the creation of value and the corresponding growth of our stock price over time. The Compensation Committee believes that our long-term equity incentive awards, together with the annual equity incentive awards discussed above, provide an appropriate balance between performance incentive and retention awards since the recipient must remain employed by the Company for an additional period following the performance period in order for the restricted shares to vest.

LTIP Target Opportunity. The Compensation Committee set the target for the three-year LTIP award, equal to the following percentage of base salary: Mr. Loeb (175%), Mr. Wood (75%), Mr. Coleman (60%), Mr. Dunbar (60%) and Mr. Collins (60%). For each three-year LTIP award, 70% of the target was performance-based (i.e., TSR based) and 30% of the target was service-based. If the target goal for a performance metric is achieved, then the performance metric will be deemed to be earned at 100%. If the threshold and maximum goal for a performance metric is achieved, then the performance metric will be deemed to be earned at 50% and 150%, respectively. Results below threshold result in a zero payout and achievement at levels between threshold and maximum are determined via linear interpolation.

LTIP Performance Goals. The performance goals for the long-term equity incentive awards are based on the Company’s TSR over a three-year period (2018-2020) and include a small service-based component. The performance-based LTIP awards vest 75% at the end of the performance period and the remainder on January 1 of the following year, subject to the executive officer’s continued service with the Company through such date. The metrics are shown in the following table. Because the performance period is the three-year period ending December 31, 2020, actual results will not be determined until the first quarter of 2021.

Retention Grants. On March 4, 2010, the Compensation Committee awarded 20,000 restricted shares per employee as a retention bonus to three of the Company’s senior vice presidents. Messrs. Coleman and Wood were included in the retention bonus program, in addition to a senior vice president who is no longer employed with the Company. To date, 13,400 restricted shares have vested for each of Messrs. Coleman and Wood, and 6,600 shares each will vest on January 10, 2020, provided that the applicable officer remains in the employ of the Company on that date.

In the event the applicable Named Executive Officer’s employment terminates for reasons other than death or permanent disability, such Named Executive Officer will forfeit all interest in shares that have not vested as of the date of termination. If employment terminates because of death or permanent disability, the Named Executive Officer or his estate will receive a pro rata number of restricted shares based on the number of full months elapsed since January 1, 2010 to the date of termination of employment compared to the full vesting period.

Retirement Plans. We have a 401(k) Plan pursuant to which the Company makes matching contributions of 50% of the eligible employee’s contributions (limited to 10% of compensation as defined by the plan) and may also make annual discretionary contributions. In 2018, the Company made a discretionary contribution of 5.15% of eligible employees’ compensation. The percentages of Company contributions for eligible Named Executive Officers are the same percentages as for other eligible employees. When the Compensation Committee calculates targeted overall compensation for our senior management, it factors in the benefits expected to be received under the 401(k) Plan.

Perquisites and Other Benefits. The Compensation Committee annually reviews the perquisites that senior management receives. The primary perquisite for executive officers is the Company’s provision of life insurance equal to 2.5x base salary up to a maximum amount of \$400,000. Executive officers also participate in the Company’s medical insurance plans on the same terms as other officers. In certain circumstances, we provide reimbursement of reasonable expenses for relocations or substantial changes to the location of an executive officer’s workplace. We do not provide our executive officers automobiles or reimbursement for country clubs, financial planning or things of a similar nature.

Severance Benefits. In order to recruit executives and encourage retention of employees, we believe it is appropriate and necessary to provide assurance of certain severance payments if the Company terminates the individual’s employment without cause. Pursuant to our Severance and Change in Control Agreements, in the event an executive officer is terminated involuntarily by the Company without cause, as defined in the applicable agreement, and provided the employee executes a full and irrevocable release of claims, in a form satisfactory to the Company, promptly following termination, the employee will be entitled to receive certain severance benefits discussed below under the heading “Potential Payments upon Termination or Change in Control.” We believe that the size of the severance package for each Named Executive Officer is consistent with severance benefits offered by other companies of our size or in our industry to an officer in a similar position.

Change in Control. Our senior management and other employees have built the Company into a successful real estate investment trust and the Board believes that it is important to protect them in the event of a change in control. Further, it is the Board’s belief that the interests of shareholders will be best served if the interests of our senior management are aligned with them, and providing change in control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may result in their job loss,

but which may be in the best interests of shareholders. Upon a change in control and a qualifying termination, Messrs. Loeb, Wood and Coleman would receive a lump sum cash severance equal to 3 times the executive's average annual compensation. Messrs. Dunbar and Collins would receive a lump sum cash severance equal to 1.5 times the executive's average annual compensation. The severance payments would be paid in cash 60 days after termination and upon execution of a waiver and release agreement. The executive would also be provided life insurance and be reimbursed for health insurance for a period of time. Relative to the overall value of the Company, these potential change in control benefits are relatively minor. See "Potential Payments upon Termination or Change in Control" for additional information.

Clawback. We have a policy that requires the reimbursement of incentive compensation in the event of a substantial restatement of our financial results caused by intentional misconduct by senior officers of the Company. The Board reserves the right to review the incentive compensation received by the senior officers with respect to the period to which the restatement relates, recalculate the Company's results for the period to which the restatement relates and seek reimbursement of that portion of the incentive compensation that was based on the misstated financial results from the senior officer or officers whose intentional misconduct was the cause of the restatement.

Hedging and Pledging Policy. Our Board has adopted a policy that prohibits Company directors, officers and certain designated employees from (i) engaging in any hedging or monetization transactions involving Company securities or from purchasing or selling any put or call option contract or similar instrument with respect to Company securities and (ii) pledging Company securities as collateral for a loan or holding such shares in a margin account.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"), a publicly held corporation may not deduct compensation of more than \$1 million paid to any "covered employee" in any year. Although certain qualifying "performance-based compensation" was previously exempt from this deduction limit, the recently-exacted Tax Cuts and Jobs Act made certain changes to Section 162(m). Pursuant to such changes, "performance-based compensation" is no longer exempt under Section 162(m), effective for tax years beginning after January 1, 2017, subject to a transition rule for written binding contracts which were in effect on November 2, 2017 and which were not modified in any material respect on or after such date.

We are continuing to assess the impact of Section 162(m) and the recent changes thereto on our compensation arrangements; however, we expect Section 162(m) to have limited impact on the Company because based on our interpretation of certain private letter rulings, it is our position that compensation payable to our executive officers that is attributable to services for our operating partnership is not subject to Section 162(m) as our operating partnership is not a "publicly held corporation" within the meaning of Section 162(m). As a result, the possible loss of a U.S. federal tax deduction would not be expected to have a material impact on us. Accordingly, we do not expect Section 162(m) to have a significant impact on our Compensation Committee's compensation decisions for our executive officers.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board's Accounting Standards Codification Topic 718 ("FASB ASC Topic 718") for our stock-based compensation awards.

For purposes of the footnotes above, "average annual compensation" means an amount equal to the annual average of the sum of (i) the executive's annual base salary from the Company plus (ii) the amount of cash bonus paid by the Company to the executive, in each case for the average of the three calendar years that ended immediately before (or, if applicable, coincident with) a specified date, provided that: (A) any such year in which the executive was not employed by the Company shall be excluded from the averaging period; and (B) the base salary and cash bonus for any such year that reflects a partial year of employment shall be annualized.

The Company accrues dividends on all incentive restricted shares beginning with the first day of the applicable performance period. The accrued dividends are delivered to the executive officer when the incentive restricted shares vest. The value of the restricted shares in the above table includes the actual value of the dividends accrued with respect to each restricted share award that is no longer subject to performance criteria.

Pursuant to Severance and Change in Control Agreements, each of our executive officers are entitled to severance payments and benefits if their employment is terminated (i) by the Company without "cause," (ii) due to the executive's death, or (iii) following a "change in control" within the "protection period" listed below, by the Company other than for death, disability or "breach of duty", or by the executive's resignation for "good reason" (as each term is defined in the Severance and Change in Control Agreement)(each, a "Qualifying Termination").

	<u>Protection Period</u>
Chief Executive Officer, Chief Financial Officer and Executive Vice Presidents	24 months
Senior Vice Presidents	18 months

Cash Severance Payment. Upon a Qualifying Termination, the cash portion of each executive's severance is paid in lump-sum and is based upon the executive's average annual compensation as follows:

	<u>Termination without Cause, not in connection with a Change in Control</u>	<u>Termination without Breach of Duty or Resignation with Good Reason, each in connection with a Change in Control</u>	<u>Death</u>
Chief Executive Officer, Chief Financial Officer and Executive Vice Presidents	2 times	3 times	1 times
Senior Vice Presidents	1.5 times	1.5 times	1 times

As a condition of the receipt of the cash severance payment not in connection with a change in control and not due to death, the executive must execute a waiver and release agreement, in a form satisfactory to the Company, that releases the Company and all affiliates from any and all claims of any nature whatsoever, including, without limit, any and all statutory claims, and may not revoke the waiver and release within any revocation period required by law or permitted by the Company.

Additionally, in the event of a disability, each Severance and Change in Control Agreements provides that the executive shall continue to be paid his base salary and remain employed by the Company during the first 90 days of his disability.

Benefits. Pursuant to the Severance and Change in Control Agreements, upon the termination of an executive's employment following a change in control within the protection period listed above, by the Company other than for death, disability or breach of duty, or by the executive's resignation for good reason, the Company will provide each executive officer with life insurance coverage and health plan coverage substantially comparable to the coverage the executive was receiving from the Company immediately before termination of employment. In each case, these benefits will continue for a period of 24 months (18 months for the Company's Senior Vice Presidents) following the date of termination.

Equity Acceleration upon an Executive's Death or Disability. Pursuant to their award agreements, the restricted shares awarded under the Company's 2004 Equity Incentive Plan as a retention bonus to Mr. Wood and Mr. Coleman in 2010 each provide that the vesting of shares will be partially accelerated upon such executive's death or permanent disability based on the duration of employment completed between the date of grant and the 10 year anniversary of the date of grant. The award agreements for restricted shares awarded under the Company's 2013 Equity Incentive Plan provide that the vesting of all service-based restricted shares, including performance-based awards for which the performance period has ended that remain subject to service-based vesting, will be fully accelerated upon the executive's death or disability. Additionally, the award agreements for restricted shares awarded under the Company's 2013 Equity Incentive Plan generally provide that, upon an executive's death or disability, performance-based awards which have not completed the performance period shall be partially accelerated based on portion of the performance period that the executive was employed and assuming that performance criteria are deemed to be achieved at the target level.

Equity Acceleration upon a Termination without Cause. The award agreements for restricted shares awarded under the Company's 2013 Equity Incentive Plan provide that the vesting of all service-based restricted shares, including performance-based awards for which the performance period has ended that remain subject to service-based vesting, will be fully accelerated upon the executive's termination by the Company without cause.

Equity Acceleration upon a Change in Control. The Company's 2004 Equity Incentive Plan provides that upon the occurrence of a "change in control" (as defined in the plan), whether or not an executive's employment is terminated, the executive's interest in all of the restricted shares that are no longer subject to performance criteria shall become vested and the vesting of restricted shares subject to performance criteria shall be accelerated and the executive shall receive a pro rata number of shares based upon (i) an assumed achievement of all relevant performance objectives at target levels and (ii) the length of time within the performance period elapsed before the effective date of the change in control. Pursuant to their award agreements, the vesting of restricted shares awarded as a retention bonus to Mr. Wood and Mr. Coleman in 2010 will be fully accelerated upon the occurrence of a "change in control" (as defined in the Company's 2004 Equity Incentive Plan), whether or not the executive's employment is terminated. Additionally, pursuant to the Company's 2013 Equity Incentive Plan, if awards thereunder are not continued, assumed or replaced by the successor corporation in connection with a change in control, then (i) each service-based award, including any performance-based awards for which the performance period has ended that remain subject to service-based vesting, shall become fully vested, and (ii) each performance-based award which has not completed the performance period shall be deemed to have achieved the target performance level and shall become vested.

Equity Acceleration upon Certain Terminations of Employment following a Change in Control. Pursuant to the Company's 2013 Equity Incentive Plan, if and to the extent that awards thereunder are continued, assumed or replaced by the successor corporation in connection with a change in control and the executive's employment is terminated within the 2 years following the change in control by the Company for any reasons other than "cause" or by the executive for "good reason" (as each term is defined in the plan), then (i) each service-based award, including any performance-based awards for which the performance period has ended that remain subject to service-based vesting, shall be fully accelerated, and (ii) each performance-based award which has not completed the performance period shall be deemed to achieve the target performance level and shall become vested.

Additionally, although none of our Named Executive Officers have received any stock option or stock appreciation rights as of December 31, 2018, each Severance and Change in Control Agreement provides that following a change in control within the protection period listed above, if the executive is terminated by the Company

other than for death, disability or breach of duty, or by the executive's resignation for good reason, then all outstanding stock options and stock appreciation rights issued to the executive by the Company with respect to common stock of the Company shall become immediately exercisable.

CEO Compensation Pay Ratio

For 2018, the total compensation of our Chief Executive Officer as reported in the Summary Compensation Table (page 27) was \$4,359,232 and for the median employee was \$89,366. The resulting ratio of the Chief Executive Officer's pay to the pay of the median employee for fiscal year 2018 was 49 to 1.

The median employee utilized for 2018 is the same employee identified in 2017 because there have been no changes in our employee population or employee compensation arrangements that we reasonably believe would result in a significant change to pay ratio disclosure. In 2017, we identified the median employee using our entire employee population, excluding our Chief Executive Officer, consisting of 72 full-time and 3 part-time employees on December 1, 2017. We identified the median employee based on gross wages paid in the 12-month period ended December 1, 2017. We did not make any annualizing, assumptions, adjustments or estimates with respect to gross wages paid in the period. As required by SEC rules, after identifying our median employee, we calculated annual total compensation for both our median employee and our CEO using the same methodology that we used to determine our Named Executive Officers' annual compensation for the Summary Compensation Table.

This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the Company used the pay ratio measure in making compensation decisions. Given the different methodologies that companies use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies.

AUDIT COMMITTEE MATTERS

Report of the Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Company is composed of three directors, each of whom meets the current independence and experience requirements of the NYSE and the SEC. The Audit Committee operates under a written charter which was amended and restated on August 31, 2017. A complete copy of the Audit Committee charter is available on the Company's website at www.eastgroup.net.

The purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting, internal controls, and audit functions. Management is primarily responsible for the Company's financial statements and reporting process. The Company's independent registered public accounting firm, KPMG LLP, is responsible for performing an independent audit of the Company's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing a report on those statements. The Company has a full-time internal audit department that reports to the Audit Committee and to management. This department is responsible for objectively reviewing and evaluating the adequacy, effectiveness, and quality of the Company's system of internal controls. The Audit Committee's responsibilities include oversight of the Company's independent registered public accounting firm and internal audit department, as well as oversight of the Company's financial reporting process on behalf of the full Board. It is not the duty or the responsibility of the Audit Committee to conduct auditing or accounting reviews or related procedures. In this context, the Audit Committee has reviewed and discussed with management the audited financial statements for the Company for the fiscal year ended December 31, 2018.

The Audit Committee meets at least quarterly and at such other times as it deems necessary or appropriate to carry out its responsibilities. Those meetings include, whenever appropriate, executive sessions with KPMG without management being present. The Committee met seven times during 2018, including three executive sessions with KPMG. In the course of fulfilling its oversight responsibilities, the Audit Committee met with management, internal audit personnel and KPMG to review and discuss all annual financial statements and quarterly operating results prior to their issuance. Management advised the Audit Committee that the financial statements in the Company's Annual Report on Form 10-K were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee also discussed with KPMG matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board, and other matters required by the charter of this committee. In addition, the Audit Committee has received the written disclosures and the letter from KPMG required by the Public Company Accounting Oversight Board Rule 3526, and has discussed with KPMG their independence from the company and its management.

On the basis of the reviews and discussions the Audit Committee has had with KPMG and management, the Audit Committee recommended to the Board that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

The pre-approval of services may be delegated to the Audit Committee chairman, but the decision is subsequently reported to the full Audit Committee.
