Environmental Stewardship

Our Gateway Commerce Park property received the 2022 Building Owners and Managers Association ("BOMA") Southern Region The Outstanding Building of the Year ("TOBY") Award in the industrial office park category. Buildings in the competition were judged based on all facets of business operations, including community involvement, tenant relations, site management and environmental and "green" policies and procedures. The property was also awarded the BOMA Miami-Dade TOBY Earth Award and is designated as a BOMA 360 Performance Building, awarded to properties that are being managed to the highest standards of excellence across all areas of operations and management. Executive Airport Distribution Center was awarded the TOBY for the industrial office park category by the Ft. Lauderdale and Palm Beach local BOMA chapter.

In 2021, the Company amended and restated its unsecured credit facilities, providing for an incremental reduction in borrowing costs if a certain sustainability-linked metric, measured annually, is achieved. The metric relates to the percentage of our newly completed development properties that contain EV charging stations meeting certain minimum specifications. EastGroup exceeded our target of 24% for the year ended December 31, 2023. In addition to our focus on sustainability features in our new developments, we continue to explore retrofit opportunities for tenants at our existing properties.
